

Wanted: O-1 pilots for 70th anniversary of the birth of the O-1.

(Details200208).

Received a phone call from Mike Weinfurter, requesting any assistance from our Bird Dog drivers at the 70th anniversary of the birth of the O-1. There is also a Warbirds in Review program being setup and he asking if we have anyone who flew the O-1 in SEA who might be interested in helping out this summer at Oshkosh.

Please reach out to Mike if you have questions or an interest assisting. He can be reached at 715.493.0146 or l19cfi@gmail.com <<mailto:l19cfi@gmail.com>>.. (that's a lower case L)
